

# CHUNAR NAGAR PALIKA PARISHAD

## NOTIFICATION

Chunar the \_\_\_(Date)\_\_\_, 2019

**No. \_\_\_\_\_** — In exercise of powers conferred by Uttar Pradesh Municipalities Act, 1916, the Department hereby makes the following Regulations, for collection, transportation and treatment of waste of onsite sanitation systems (faecal sludge, septage & wastewater) and for matters connected therewith and incidental or ancillary thereto namely.

## CHAPTER – I

### PRELIMINARY

#### 1. Short - Titles and Commencements

- (i). These Regulations may be called **‘Chunar Faecal Sludge, Septage & Wastewater Management (FSSWM) Regulations, 2019’**
- (ii). These Regulations shall come into force on the date of their publication in the \_\_\_\_\_ Gazette and shall be applicable within the administrative boundary of Chunar Nagar Palika Parishad (CNPP).

#### 2. Definitions

- (i). **“Access Cover”** means an opening used to access an Onsite Sanitation System (OSS) for inspection, cleaning and other maintenance operations, fitted with a suitable cover;
- (ii). **“CNPP Registered Vacuum Tanker”** means a Vacuum Tanker, duly registered by the Transport Authority of the State to perform the designated purpose, having being inspected and registered by CNPP for desludging, transportation, and disposal of Faecal Sludge & Septage (FSS);
- (iii). **“Decentralised Wastewater Treatment System (DWWT)”** is an approach which includes collection, treatment and disposal/reuse of wastewater from individual homes, residential societies, isolated communities, industries, institutions or near the point of generation. DWWTs cater to both – liquid and solid components of wastewater.
- (iv). **“Designated Officer”** means an officer of CNPP authorized by Executive Officer to issue License or any other work assigned to him;
- (v). **“Desludging”** refers to the operation of removing FSS from OSS by a Licensed Operator or trained sanitary workers of CNPP;
- (vi). **“Disposal”** refers to Transportation and discharge / transfer of FSS to the Notified Location;
- (vii). **“Effluent”** is the supernatant (liquid) discharged from an OSS. The liquid separated out from the septage is also referred to as effluent;
- (viii). **“Faecal Sludge”** refers to the settled contents of onsite sanitation systems. The characteristics of faecal sludge can differ widely from household to household, city to city, and country to country. The physical, chemical and biological qualities of faecal sludge are influenced by the duration of storage, temperature, soil conditions, intrusion of groundwater or surface-water into onsite sanitation systems, desludging technology and pattern;
- (ix). **“Faecal Sludge & Septage Treatment Plant (FSSTP)”** is an independent FSS treatment facility for remediating the solid and liquid components to prescribed standards for safe disposal and reuse. This may also refer to a Sewage Treatment Plant, wherein Faecal Sludge / Septage is being co-treated with sewage;

- (x). **“License”** means a written permission granted to any Person, that intends to carry out the services of Faecal Sludge & Septage Management (FSSM) having mentioned the purpose, period, name and address, route etc. under the signature of the authorized signatory of the CNPP;
- (xi). **“Licensed Operator”** means any person holding License to carry out Desludging and Transportation of FSS to the Notified Location;
- (xii). **“Notified location”** means the location of delivery and disposal of FSS, as defined and earmarked by CNPP;
- (xiii). **“Onsite Sanitation System (OSS)”** is a sanitation technology / system in which excreta is collected and stored and emptied from or treated on the plot where they are generated;
- (xiv). **“Operator”** refers to Person engaged in the business of Desludging, Transportation or treatment of FSS;
- (xv). **“Person”** includes an individual, an agency, a trust, a society, a firm or a company incorporated under relevant laws, an association of persons or a body of individuals whether incorporated or not;
- (xvi). **“Scheduled Desludging”** refers to regular emptying of OSSs at an interval of 2 – 3 years based on the recommendations of Central Public Health & Environmental Engineering Organisation (CPHEEO);
- (xvii). **“Septage”** is the faecal sludge desludged from a well-designed septic tank;
- (xviii). **“Sewage”** is the Wastewater that is transported through the sewers.
- (xix). **“Sewers”** means underground pipelines provided for the purposes of carrying the liquid waste (wastewater) of the community, otherwise known as Sewage;
- (xx). **“Sewage Treatment Plant”** means the place where Sewage is treated to prescribed standards for safe disposal and reuse;
- (xxi). **“Taskforce”** means the City Sanitation Taskforce constituted in the city headed by the Executive Officer and Chairperson; the Members of the Committee may be co-opted by them from Government Departments, Public Undertakings, educators, among other eminent people of society.
- (xxii). **“Trained Sanitary Workers of CNPP”** means CNPP staff or contracted / hired workers engaged and trained by CNPP for the purpose of Desludging / Emptying and Transportation of FSS using CNPP owned Vacuum Tanker.
- (xxiii). **“Transportation”** means safe transfer of FSS through CNPP Registered Vacuum Tanker from the place of desludging to the Notified Location;
- (xxiv). **“Treatment”** means any scientific method or process designed to alter the physical, chemical or biological and radiological character or composition of FSS/sewage/wastewater to reduced or prevent pollution.
- (xxv). **“Vacuum Tanker”** is a vehicle that has a pump and a tank, designed to pneumatically suck FSS from the OSS. These vehicles are also used to transport desludged FSS.
- (xxvi). **“Wastewater”** means liquid effluent from domestic / commercial human activity including effluent from toilets, kitchen and cleaning activity, but does not include effluents from manufacturing and industrial activity. Usually such effluent flow through storm water drains, thus it includes storm water as well.

All other words and expressions used in these Regulations and not defined in these regulations and not defined herein above but defined in the Act or any other law for the time being in force shall have the meaning respectively assigned to them under the Act or law and in absence thereof, the meaning as commonly understood in the water supply and sewage treatment / disposal industry.

## **CHAPTER-II**

### **WASTEWATER MANAGEMENT**

#### **3. Management and disposal of wastewater from premises**

The owner/occupier of every property in CNPP (including, but not limited to, residential & commercial, proposed or existing) shall be responsible to ensure that wastewater from their premises is treated or disposed of through any, or a combination of any of the following ways, namely:

- (i). If sewer is available within 30 (thirty) meters of the boundary of the premises or at such other distance as may be feasible, the property is connected to sewerage system on payment of such fee (if any) and on completion of other procedures as may be required;
- (ii). Wastewater is conveyed to a CNPP approved community or local area treatment facility.
- (iii). Properties which generate more than 10 thousand litres of wastewater per day and have green area more than 500 square metres within their premises, shall install a decentralised wastewater treatment system so as to treat the wastewater generated in the property. The property owner shall ensure reuse of the treated wastewater for horticulture/flushing, thus lowering the dependence on fresh water.
- (iv). The wastewater is contained in an OSS without any outlet.

## **CHAPTER III**

### **ONSITE SANITATION SYSTEMS**

#### **4. Design, construction and maintenance of OSSs**

- (i). The design, construction and installation of OSSs shall be made in accordance with the provisions of the 'Manual on Sewerage and Sewage Treatment Systems, 2013, CPHEEO' as may be modified from time to time or any other accepted sound engineering practice as may be issued by CNPP or the State / Central Government.
- (ii). The owner(s) / resident(s) of the properties connected to OSSs, shall be responsible for upkeep, maintenance and safe disposal of the FSS from such OSSs.
- (iii). The owner(s) of the properties shall undertake desludging on a regular basis (every 2 – 3 years) on payment of such cost as maybe determined by the CNPP.
- (iv). The owner of the premises shall ensure that no pollution is caused to the environment due to direct discharge of FSS into open areas or into the stormwater drain due to malfunctioning or faulty construction of the OSS.
- (v). The owner of the premises shall ensure that the septic tanks are cleaned mechanically by Licensed Operator or Trained Sanitary Workers of CNPP with adequate safety measures and no manual cleaning is taken up for the purpose.
- (vi). CNPP or Designated Officer has the right to inspect the premises for non-compliances. CNPP may issue notice to the Owner of the Premises for retrofitting / rectification of non-compliances related to management and disposal of Faecal Sludge, Septage & Wastewater (FSSW) at his own cost within a frame of time.
- (vii). CNPP may, at its discretion, provide incentives to property owners for retrofitting/ rectification of non-compliant systems and engage technical experts to suggest alternate systems.

## **CHAPTER IV**

### **REGISTRATION & LICENSING FOR DE-SLUDGING AND TRANSPORTATION OF FSS**

#### **5. License to be issued by the CNPP**

- (i). CNPP shall register the Vacuum Tanker(s) owned or hired by the private operator(s) currently providing desludging services in CNPP.

- (ii). CNPP shall undertake Information, Education & Communication (IEC) activities for the operators including their staff, where they shall be sensitized and trained to employ best practices for safe emptying & transportation of FSS. This training shall be carried out within 1 month after last date of registration.
- (iii). Once the operator thinks that (s)he complies successfully with the criteria of licensing, (s)he shall apply for it using Form 1 of these Regulations. This shall not exceed 2 months post completion of training.
- (iv). CNPP shall issue License to Operator for desludging and transportation of FSS to Notified Location(s).
- (v). License will be issued in the format, prescribed in Form 2 of these Regulations, and will be valid for a year from the date of issue, unless revoked earlier, and shall be renewable on its expiry subject to fulfilment of terms and conditions by the Licensed Operator and on payment of fee prescribed.
- (vi). CNPP shall register the Vacuum Tanker(s) owned or hired by the applicant. CNPP shall inspect the vehicle for its satisfaction. CNPP has the right to reject or revoke the registration of vehicles which CNPP believes does not meet the criteria mentioned in Clause 15 of these Regulations or poses a threat to the safety and public health of the city.

## 6. Criteria for issue of License

- (i). The eligible applicant for obtaining the License means the “Person” as defined in Clause 2 (xv) of these Regulations.
- (ii). The applicant should own or hire leak-proof, odour and spill proof Vacuum Tanker(s) with a proper vacuum/ suction and discharging arrangement.
- (iii). The vehicle will have a valid permit or registration certificate of the Transport Department to operate in Chunar.
- (iv). The applicant shall register her/his Vacuum Tanker(s) with CNPP.
- (v). The applicant shall undertake that the vacuum tankers owned/hired by her/him meet the criteria mentioned in Clause 15 of these regulations.
- (vi). The applicant shall undertake to have workers adequately trained for this purpose by CNPP or agency hired by CNPP
- (vii). The applicant shall undertake to equip the workers with safety gears and other personal protective equipment (PPE) required to safely de-sludge, transport and dispose the FSS at the Notified Locations. The required PPE shall be as per the list in Appendix of this regulation.

## 7. Application for License

The application for obtaining license for desludging, transportation and disposal of FSS shall be submitted in prescribed format, appended as Form 1 of these Regulations, including Terms and Conditions and with such documents as prescribed by the Designated Officer(s) of CNPP.

## 8. Invitation of Applicants to apply for License

CNPP shall give wide publicity on its web site and through leading Newspapers and other print and electronic media periodically, inviting prospective applicants to apply for the License.

## 9. Application Fee for the License

CNPP may charge application fee as prescribed from time-to-time for processing the application to grant the license. The fee will be non-refundable and the same can be paid electronically or by Demand Draft in favour of CNPP.

## 10. Performance Guarantee

The Licensed Operator shall deposit prescribed amount, notified from time-to-time as performance Guarantee, in the form of Bank Guarantee which will be forfeited in case of any violation under the Regulations.

## 11. Publicity of the Licensed Operator(s)

The CNPP will periodically give wide publicity to the Licensed Operator(s), on its website as well as through print and electronic media.

## 12. Awareness Campaign

The CNPP will undertake awareness campaign(s) to make the people aware of these Regulations as well as the need to engage only the Licensed Operator(s) for desludging, transportation and disposal of FSS.

# **CHAPTER V**

## **DESLUDGING/COLLECTION AND TRANSPORTATION OF FSS**

### 13. Owner / Occupier of property to engage only Licensed Operator(s)

- (i). It shall be the duty of each owner/occupier of the property to engage the services of Licensed Operators or Trained Sanitary Workers of CNPP for desludging and transportation of FSS.
- (ii). The owner/occupier shall confirm that the License issued to the desludger(s) is valid on the date of execution of work. She/he shall also append her/his signature to the record form for collection, transport & disposal of FSS, prescribed at Form 3 of these Regulations.

### 14. Fee for Desludging & Transportation of FSS

- (i). The fee for desludging and transportation of FSS to notified locations shall be as notified by the Designated Officer from time to time.
- (ii). As and when CNPP decides to implement scheduled desludging in the city, the desludging fee shall be replaced by 'Sanitation Charge' or can be incorporated in property/water tax, which shall be notified by CNPP from time to time.
- (iii). Licensed Operator shall not charge any amount from the owner/occupier of the property in excess to the amount notified by CNPP from time to time.
- (iv). Any demand for fee for desludging and transportation of FSS in excess to the notified fee shall make the Licensed Operator liable for cancellation of License and imposition of penalty prescribed for violation of these Regulations.

### 15. Vehicles for transportation of FSS

- (i). The FSS shall be deslugged and transported only by Licensed Operator(s) or Trained Sanitary Staff of CNPP.
- (ii). Vacuum Tanker(s) can be registered for a period of 6 months, even if all the required conditions are not met. In such cases, the respective operator(s) should upgrade the Vacuum Tanker within this given time frame.
- (iii). Desludging vehicles to only follow designated routes (as identified by CNPP from time to time) for safe & efficient transportation of FSS.
- (iv). A copy of License issued to the Operator and CNPP Registration of the Vehicle shall be prominently displayed on the vehicle used for desludging & transportation of FSS.
- (v). The Vacuum Tanker shall be painted with Yellow colour duly marked with (the precaution) in Red Colour "SEPTIC TANK WASTE" (in English) and "मलकुंड अपशिष्ट" (in Hindi).
- (vi). Each vehicle used for transportation of FSS shall be fitted with a GPS Device and Access Rights of the same shall be given to the Executive Officer and the agency notified by CNPP for tracking of such vehicles.

### 16. Precautions during transportation

The Licensed Operator shall ensure that there is no leakage/spillage of the FSS during transportation from the desludging point to the notified location for disposal.

#### 17. Preventive measure in case of accident

The vehicle carrying FSS shall be fitted with required equipment to avoid the pollution during the movement of the vehicle from desludging point to the notified disposal location.

#### 18. Liability of Licensed Operator in the eventuality of accident

The Licensed Operator shall be fully and solely liable for any damage caused to any person, vehicle, property or environment in the eventuality of any accident or disaster and shall be liable to pay any damage charges /compensation on its own, if any imposed by the authority /court of law there to, to the victims/their legal heirs.

#### 19. Safety – measure(s) for the worker(s) deployed

The Licensed Operator shall be responsible for taking all the safety measures including provision of hand held Gas- Detectors, Gas-Masks, Protective-Gear, Oxygen-Mask with Oxygen- Cylinder and First Aid Box etc. and such other measures as specified in Prohibition of Employment as Manual Scavengers and their Rehabilitation Act-2013 and Rules made there under, including these regulations.

#### 20. Disposal of FSS

- (i). The Licensed Operator shall dispose FSS only at the locations notified by the CNPP from time to time.
- (ii). The Licensed Operator shall submit duly signed FSS desludging, transportation and disposal form prescribed in Form 3 of these Regulations, duly filled and signed to the official of the CNPP designated for this purpose.

#### 21. Training of worker(s)

The Licensed Operator shall be responsible for periodic training of the worker(s) deployed in desludging, transportation and disposal of the FSS.

#### 22. Regular health check-up of worker(s)

The Licensed Operator shall be responsible for ensuring that every worker(s) deployed, under goes health check-up at least twice per year and submit record of the same to CNPP, failing which the Licensed Operator shall be liable to pay penalty as notified from time to time.

#### 23. Insurance

The worker(s) deployed by the Licensed Operator shall be insured to cover compensation to be paid to the victims/their legal heirs under IN PROHIBITION OF EMPLOYMENT AS MANUAL SCAVENGERS AND THEIR REHABILITATION Act 2013 & APEX Court's order dated 27-03-2014 in Writ Petition No.583 of 2003 (Safai Karamchhari Andolan and Ors. V/s Union of India & Ors.) in the eventuality of accident during the process of desludging, transportation and disposal of FSS.

#### 24. Cancellation of License

In case of violation of any of the provisions of PROHIBITION OF EMPLOYMENT AS MANUAL SCAVENGERS AND THEIR REHABILITATION Act-2013 including these Regulations, the Licensed Operator shall be liable to pay penalty as notified from time to time, including the cancellation of license and forfeiture of performance guarantee as per the recommendation of Taskforce or Designated Officer(s).

## **CHAPTER VI**

### **TREATMENT AND REUSE/DISPOSAL OF FSSW**

#### 25. Identification of treatment/disposal site(s)

The CNPP will identify and notify the location(s) where the FSSW shall be treated / disposed by the Licensed Operator or Trained Sanitary Staff of CNPP.

## 26. Creation of infrastructure to receive the FSSW

The CNPP will create necessary infrastructure and provide necessary equipment at the notified location(s), to facilitate the treatment/disposal of FSSW brought by the Registered Vehicle(s).

## 27. Deployment of staff to receive the FSS

The CNPP shall deploy sufficient staff at each notified location(s), to receive the FSS and transfer it to the respective treatment facility.

## 28. Timing to receive the FSS

The FSS shall be received by the staff deployed by the CNPP at each notified location(s) during the hours as notified by CNPP from time to time.

## 29. Industrial waste not to be allowed

The disposal of FSS containing industrial waste shall not be permitted at the notified location(s).

## 30. Training in FSSM

The staff deployed by CNPP at the notified location(s) shall be trained for receiving and treatment/disposal of FSS.

## 31. Reuse of treated FSSW

- (i). CNPP shall sensitize farmers about the health and environmental ill effects of agricultural application of untreated FSSW and encourage them to use treated FSSW from the FSSTP.
- (ii). CNPP shall utilize treated wastewater from the DWWTs in the city for the purpose of horticulture, and any other purpose wherein it can be used in lieu of fresh water.
- (iii). Project proponent of any construction activity shall consume any available treated wastewater in the vicinity (1km radius) of the project for construction purpose. Only in cases of inadequate availability/unavailability of treated wastewater, the proponent shall consult CNPP to explore other available options and take approval for the same.

# **CHAPTER VII**

## **ADMINISTRATION AND ENFORCEMENT**

### 32. Administration and enforcement

- (i). The administrative and enforcement powers of these regulations is vested with the Executive Officer or the designated official of the CNPP duly authorized by the Executive Officer.
- (ii). CNPP may levy user fees as determined & notified from time to time, for rendering services of desludging, transportation or treatment. For ensuring the cost recovery, the users shall be required to pay for these services.

### 33. Special power for inspection

For the purpose of effective implementation and enforcement of these Regulations, CNPP shall have the power of inspection of any premises, transportation vehicles and FSS treatment facility at any given time.

### 34. Violations and penalties

- (i). Any person guilty of violation of any of the provisions of these Regulations, shall be issued with a notice for compliance.
- (ii). Any person shall be subject to penal provisions under these regulations, if such person - (a) contravenes or fails to comply with any provisions of these Regulations; (b) obstructs, hinders or interferes with an authorized official or other official of the CNPP acting under power delegated to her/him in the exercise of any power or the performance of any duty under these Regulations; (c) resorts to manual desludging of any OSS/ sewer.

- (iii). The person found to be guilty of violation of provisions of these Regulations shall be punished to the extent to the amount as indicated in Appendix and prosecution under relevant law and shall be subjected to seizure of the FSS transport vehicle, FSSW treatment facility or property as the case may be.
- (iv). Whoever, in any case, in which a penalty is not expressly provided in Appendix is found to be guilty, shall be punishable with a fine of **Five Thousand Indian Rupees (₹5000)** and in case of continuing contravention with an additional fine amounting to **One Thousand Indian Rupees (₹1000) for every day** during which such contravention continues.
- (v). For removal of doubt, it is hereby declared that nothing in these Regulations shall prevent any person from being prosecuted and punished under any other relevant Act, for the time being in force, or any act or omission made punishable under these Regulations.

### 35. Appeal

Any person aggrieved by the decision of an authorized official of CNPP under these Regulations, may appeal (in format appended in Form 4 of these Regulation) against such decision to the Executive Officer and if the decision is made by the Executive Officer, the appeal shall lie to the Taskforce within a period of thirty days from the date of receipt of a copy of the order appealed against.

### 36. Dispute resolution clause

Any dispute, arising out or in the connection with the operation of these regulations, shall be resolved under Indian Laws by competent Court of Law having jurisdiction of **Chunar** only.

### 37. Reference Documents

For the ease of implementation and rolling out of the Regulations, a list of standards, strategies, manuals, guidelines and policies, as provided in Appendix of these Regulations, may be referred to, as those shall stand modified from time to time.

### 38. Direction of State Government to be supplementary to Regulations

The State Government may issue directives with respect to FSSWM to remove difficulties in enforcement of these Regulations.

I also certify that I have read and understood the attached terms & conditions and agree to abide by them. I agree that if any information given by me is found wrong the application for license will be liable for cancellation at any time.			
			Signature of applicant(s) Date: _____

### Terms and conditions

- I. Faecal Sludge & Septage (FSS) shall be collected and transported only by an agency having a valid license for this purpose issued by the Chunar Nagar Palika Parishad (CNPP).
- II. The fee for collection and transportation of FSS upto the Faecal Sludge & Septage Treatment Plant (FSSTP) shall be as prescribed by CNPP from time to time. No Licensed Operator shall charge any amount from the OSS owner in excess of the prescribed fee.
- III. FSS shall be transported only in the vehicles approved for this purpose by the officer authorized for this purpose by CNPP.
- IV. The Licensed Operator shall ensure that there is no leakage of FSS during transportation from the collection point to the FSSTP.
- V. The vehicle carrying FSS shall be fitted with prescribed equipment to take care of threat of pollution due to any accident during the movement of the vehicle from desludging point to the FSSTP.
- VI. Each vehicle used for transportation of FSS shall be fitted with GPS device and access rights of the same shall be given to CNPP and the agency notified by CNPP for tracking of such vehicles.
- VII. The licensee shall be fully and completely liable for any damage to any person, vehicles, property and environment in case of any accident or disaster.
- VIII. A copy of license shall be prominently displayed on the vehicle used for transportation of FSS.
- IX. The vehicle/ tanker shall be painted with Yellow colour duly marked with the precaution in red colour "SEPTIC TANK WASTE" (in English) and "मलकुंड अपशिष्ट" (in Hindi).
- X. The licensee shall dispose of FSS only at the FSSTP/designated place.
- XI. FSS will be received at the FSSTP on all days from 7.00 a.m. to 7.00 p.m. The licensee shall plan the trip in such a way that the decanting can be done within the given time slot.
- XII. The licensee shall be responsible for regular training of the staff deployed to provide effective services of collection, transportation and disposal of FSS, use of protective equipment for taking measures to minimize the damage to the environment in case of an accident.
- XIII. The licensee shall be responsible for ensuring that every staff member undergoes health check-up at least once in every year and submit record of the same to CNPP at the time of renewal of license.
- XIV. The staff deployed by the licensee shall be insured for accident during the process of cleaning, transportation and disposal of FSS.
- XV. In case of violation of any of the provisions of these regulations the licence shall be liable to be cancelled, security of the licensee shall be forfeited and he shall also be liable to pay penalty as prescribed for violation of these regulations.

## Appendix 2

### Form 2: Award of license to collect, transport and dispose FSS

**License for collection, transportation and disposal of Faecal Sludge & Septage in  
Chunar Nagar Palika Parishad**

Paste Passport Size  
Photograph with  
stamp of Chunar  
Nagar Palika  
Parishad

In accordance with all the terms and conditions of the By-laws/ Regulations, Municipal Corporation Act rules, the special license conditions accompanying this license and applicable rules and laws of Government of Uttar Pradesh, the permission is hereby granted to:

1. Name(s) of the applicant: (Mr / Ms) \_\_\_\_\_

2. Address of Head Office/Regd. Office: \_\_\_\_\_

For the collection, transportation & disposal of faecal sludge & septage from onsite containments in Chunar Nagar Palika Parishad.

This license is based on information provided in the FSS Collection, Transportation and Disposal License Application Form. This license is effective for a period of one year from date of issue, set forth below.

3. License No.: \_\_\_\_\_

4. Effective Date: \_\_\_\_\_

5. Expiration Date: \_\_\_\_\_

The license may be suspended or revoked for Condition of Non – Compliance and is not transferable. The original license shall be kept on file in the licensee's office. A copy of this license shall be carried in every registered vehicle used by the licensee.

6. Signatures:

**Executive Officer**

**Emptier / operator / owner**

## Appendix 3

### List of protective gear and safety equipment

The following Protective Gear and Safety Equipment shall be available at work site: -

- (i). Safety body clothing predominantly made out of polyester, which is reflective and offers chemical splash resistance
- (ii). Safety body harness/Safety belt
- (iii). Surgical Face Mask/respirators which protects against dust, fumes, mists, microorganisms
- (iv). Safety Torch
- (v). Heavy chemical resistant Hand Gloves, made out of Butyl with added advantage of mechanical protection and hazardous material spills
- (vi). Safety Goggles with ability to withstand chemical splash to avoid infectious substances from reaching the eyes
- (vii). Safety Helmet (corded) fitted with a torch helpful in dark working conditions
- (viii). Reusable earplugs, preferably connected to a flexible band that can be worn around the neck when not needed. These should be made out of silicon and helpful around the vacuum tankers where average sound levels exceed 85dBa
- (ix). Emergency Medical Oxygen Resuscitator Kit
- (x). Gas Monitor
- (xi). Head Lamp
- (xii). Guide Pipe Set
- (xiii). Safety Tripod Set
- (xiv). Wader Boots
- (xv). Air Compressor and Blower
- (xvi). Modular Airlines Supply Trolley System
- (xvii). Raincoat

## Appendix 4

### Form 3: Record of collection, transport & disposal of FSS

<b>From to maintain record of collection, transportation and disposal of Faecal Sludge &amp; Septage in Chunar Nagar Palika Parishad</b>		
Date: _____		Time: _____
<b>I. Onsite System Owner Details</b>		
1. Name: _____		
2. Address: _____		
3. Telephone No.: _____		
4. Nature of establishment: _____		
<b>II. Containment</b>		
1. Year of construction: _____	2. Previous desludging (DD/MM/YYYY): _____	
3. Outlet present (Yes/No): _____	4. If yes, connected to: _____	
5. Shape of containment: _____		
6. Lining (Yes/No):	Walls _____	Bottom _____
7. No. of chambers: _____	8. No of openings in each baffle wall: _____	
9. Dimension (feet):	Length _____	Breadth _____
	Diameter _____	Depth _____
10. GPS coordinates:	Latitude _____	Longitude _____
11. Location of containment within the property: _____		
_____		
<b>III. Desludging</b>		
1. Volume of FSS (cu.m): _____	2. Time in desludging (hrs.): _____	
3. Trip length (km): _____	4. Time in commuting (hrs.): _____	
<b>IV. Details of desludging service provider</b>		
1. Name of operator: _____		
2. Vehicle Registration No: _____	3. CNPP License No.: _____	
<b>V. Signatures:</b>		
Emptier staff on duty	Emptier/operator/owner	OSS owner
<b>VI. Decanting</b>		
1. Time (hh:mm): _____	2. Volume of FSS (cu.m): _____	
3. Name of the emptier staff: _____		
4. Name of the FSSTP operator: _____		
<b>VII. Signatures:</b>		
Emptier staff on duty	Emptier/operator/owner	FSSTP operator

## Appendix 5

### Penalties and fines

[See clauses 3, 4, 5, 6, 17, 18, 25, 26 and 31 of this regulation]

S. No.	Description	Regulation(s)	Indicative fines (in ₹)	Penalty (in ₹ or any other penal action)
1.1	Direct/unsafe discharge of wastewater into drain/road/open area	3	50	
1.2	Continuing breach 2nd instance	3	50
